1.0 SCOPE

DGS Purchasing Standards provide the minimum criteria purchases must meet to be considered Environmentally Preferable (EPP), aka “green”, by the state of California. They establish a mechanism for incorporating performance and environmental requirements that meet the state’s environmentally preferable goals, into procurements and policy.

Per Public Contract Code (PCC) §12400 through 12404, Environmentally Preferable Purchasing, the purchasing standard herein establishes minimum EPP requirements for standalone office desk lamps, henceforth products.

2.0 APPLICABLE LAWS and INDUSTRY STANDARDS

Departments must adhere to all applicable laws, regulations, policies, best practices, and purchasing authority requirements, e.g. California Codes, California Code of Regulations, State Administrative Manual, Management Memos, and State Contracting Manual Volume 2 and 3, as applicable.

This list is for informational purposes only and is not all-inclusive. It is the state department’s responsibility to ensure the purchase adheres to all applicable laws, regulations, policies, best practices, and purchasing authority requirements.

2.1 LAWS and REGULATIONS
PCC §12400 through 12404

2.2 POLICY
None listed

3.0 ENVIRONMENTALLY PREFERABLE PURCHASING REQUIREMENTS

Products must be ENERGY STAR® certified and/or contain a minimum of 10% minimum Postconsumer Recycled Content (PCRC) to be considered EPP. Metal or plastic products must contain a minimum of 10% PCRC to be considered State Agency Buy Recycled Campaign (SABRC) compliant.

Table 1: Lamp Types Covered in this Standard

Commodity	UNSPSC
Floor lamp fixture	39111509
Halogen lighting fixtures	39111520
Fluorescent fixtures	39111501
Light emitting diode LED fixture	39111544
Desk fixtures	39111507
Table lamp fixture	39111510
Undercabinet fixture	39111528
